5	Person with Disability (PWD) Identification Number	A unique identification code issued to any bonafide person with permanent disability.	NCDA Administrative Order No. 001 Series of 2008: Guidelines on the Issuance of

6	Type of Disability	Type of disability as represented by a code.	Identification Card Relative to Republic Act 9442
7	With Permanent Disability	Yes/No	
8	Pantawid Pamilya Identification Number	Unique and permanent number issued by the Department of Social Welfare and Development (DSWD) to a client if member of the Pantawid Pamilya Pilipino Program (PPP).	RA No. 11310: Institutionalizing the Pantawid Pamilyang Pilipino Program (4Ps)
9	Senior Citizen Identification Number	Unique and permanent number indicated in the identification card issued by the Office of the Senior Citizen Affairs (OSCA) of the place where the senior citizen resides.	Republic Act No. 9994: Expanded Senior Citizen's Act of 2010.
10	Picture	Raw image/picture of patient	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
11	Biometric	Biometric data.	
12	Other Physical Features	Other physical features.	

KONSULTA PROVIDER

13	Health Facility	An institution that has health care as its core service, function or business. Health care pertains to the maintenance or improvement of the health of individuals or populations through the prevention, diagnosis, treatment, rehabilitation and chronic management of disease, illness, injury and other physical and mental ailments or impairments of human beings.	DOH Administrative Order No. 2019-0060: Guidelines on the Implementation of the National Health Facility Registry PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
14	Date As Of	Date of consultation.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
15	Civil Status	Marital status of the client in relation to the current marriage laws and customs in the country, as represented by a code.	<ol style="list-style-type: none"> DOH Hospital Health Information Management Manual Captured in PhilHealth Claim Form 4 RA 3753: Registry of Civil Status Act

PERSON'S NAME

16	Last Name	Legal last name of patient	1. DOH Hospital Health Information Management Manual 2. Captured in PhilHealth Member Registration Form and Claim Form 4.
17	First Name	Legal first name of patient	
18	Middle Name	Legal middle name of patient	
19	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr., III, and others	
20	No Middle Name	Yes/No	

MEMBERSHIP GENERAL CATEGORY

21	Dependent Member's PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
22	Relationship to Member	If PhilHealth Status is Dependent: Relationship Code For PhilHealth: Child, Parent, Spouse	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos

Member's Maiden Name

23	Last Name	Legal last maiden name of patient	DOH Hospital Health Information Management Manual
24	First Name	Legal first maiden name of patient	
25	Middle Name	Legal middle maiden name of patient	
26	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr., III, and others	
27	No Middle Name	Yes/No	

Spouse Name

28	Last Name	Spouse's legal last name	DOH Hospital Health Information Management Manual
29	First Name	Spouse's legal first name	
30	Middle Name	Spouse's legal middle name	
31	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr., III, and others	
32	No Middle Name	Yes/No	

Mother's Maiden Name

33	Last Name	Mother's maiden last name	DOH Hospital Health Information Management
----	-----------	---------------------------	--

34	First Name	Mother's maiden first name	Manual	
35	Middle Name	Mother's maiden middle name		
36	No Middle Name	Yes/No		
Father's Name				
37	Last Name	Father's legal last name	DOH Hospital Health Information Management Manual	
38	First Name	Father's legal first name		
39	Middle Name	Father's legal middle name		
40	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr., III, and others		
41	Date of Birth	Patient's date of birth	<ol style="list-style-type: none"> 1. DOH Hospital Health Information Management Manual 2. PhilHealth Claim Form 4 3. Philippine Standard Geographic Code - Philippine Statistics Authority (PSGC-PSA) 	
Place of Birth				
42	City/Municipality	City/municipality where the patient was born, as represented by a code.		
43	Province	Province where the patient was born, as represented by a code.		
44	Country	Country where the patient was born, as represented by a code.		
45	Sex	Property or quality in which a patient is classified as female or male on the basis of their reproductive organs and functions, as represented by a code.		
46	Nationality	Legal relationship between a person and a country; Current nationality, as represented by a code.		
47	Citizenship	Legal relationship between a person and a country; Current nationality, as represented by a code.		
48	Religion	An institutionalized or personal system of beliefs and practices relating to the divine, as represented by a code.	DOH Hospital Health Information Management Manual	
49	Religion, others specify	If not in the standards, specify.		
50	Blood Type	A classification of blood based on the presence or absence of inherited antigenic substances on the surface of red blood cells		

		(RBCs); Must be confirmed or passed the laboratory test.	
Permanent Address			
51	Unit/Room #/Floor	Unit/Room #/Floor indicated in the permanent address.	1. DOH Hospital Health Information Management Manual 2. PSGC- PSA
52	Building Name	Building Name indicated in the permanent address.	
53	Lot/Block/Phase/House #	Lot/Block/Phase/House # indicated in the permanent address.	
54	Street Name	Street name indicated in the permanent address.	
55	Subdivision	Subdivision indicated in the permanent address.	
56	Barangay	Barangay indicated in the permanent address, as represented by a code.	
57	Municipality/City	Municipality/city indicated in the permanent address, as represented by a code.	
58	Province	Province indicated in the permanent address, as represented by a code.	
59	Region	Region indicated in the permanent address, as represented by a code.	
60	State	State indicated in the permanent address, as represented by a code.	
61	Country	Country indicated in the permanent address, as represented by a code.	
62	Zip Code	Zip Code indicated in the permanent address.	
Mailing Address / Current Address			
63	Unit/Room #/Floor	Unit/Room #/Floor indicated in the mailing/current address.	1. DOH Hospital Health Information Management Manual 2. PSGC- PSA
64	Building Name	Building Name indicated in the mailing/current address.	

65	Lot/Block/Phase/House #	Lot/Block/Phase/House # indicated in the mailing/current address.	
66	Street Name	Street name indicated in the mailing/current address.	
67	Subdivision	Subdivision indicated in the mailing/current address.	
68	Barangay	Barangay indicated in the mailing/current address, as represented by a code.	
69	Municipality/City	Municipality/city indicated in the mailing/current address, as represented by a code.	
70	Province	Province indicated in the mailing/current address, as represented by a code.	
71	Region	Region indicated in the mailing/current address, as represented by a code.	
72	State	State indicated in the mailing/current address, as represented by a code.	
73	Country	Country indicated in the mailing/current address, as represented by a code.	
74	Zip Code	Zip Code indicated in the mailing/current address, as represented by a code.	

Contact Numbers

75	Home Phone Number	Landline telephone number at which the patient can be contacted	DOH Hospital Health Information Management Manual
76	Mobile Phone Number	Cellphone number at which the client can be contacted as well as can be used for SMS application	
77	Business Phone Number - Direct	Business phone number at which the client can be contacted	Captured in PhilHealth Member Registration & Claim Forms.
78	Email Address	Email address at which the patient can be contacted	
Occupation/Profession		Text description of the current patient's work	Captured in PhilHealth Member Registration & Claim Forms.

79	Occupational Category	Captured in PhilHealth Member Registration & Claim Forms.	PhilHealth Member Registration Form
80	Occupational Description	Occupational Description	
81	Health Worker	Is the patient a health worker?	
82	Monthly Income	Monthly Income	
83	Proof of Income	Client's proof of income	
84	Proof of Income for Others	Proof of income for others	
85	Highest Educational Attainment	The highest level of education completed in terms of the highest degree of schooling completed, as represented by a code.	DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001)
86	Educational Description	Educational description	
87	Member Type	Patient's type of membership? Direct Contributor / Indirect	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
88	Member Type for Direct Contributor	Employed Private, Employed Government, Professional Practitioner, Self-Earning Individual - Individual, Self-Earning Individual - Sole Proprietor, Self-Earning Individual - Group Enrollment Scheme, Kasambahay, Migrant Worker - Land-Based, Migrant Worker - Sea-Based, Lifetime Member, Filipinos with Dual Citizenship / Living Abroad, Foreign National	(PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
89	Member Type for Direct Contributor - Group Enrollment Scheme	If Self-Earning Individual - Group Enrollment Scheme - Group Enrollment Scheme Code	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
90	Group Enrollment Scheme Description	Description if Group Enrollment Scheme was made.	
91	Philippine Retirement Authority - Special Resident's Retiree Visa (PRA SRRV) Number	Philippine Retirement Authority - Special Resident's Retiree Visa (PRA SRRV) Number for foreign nationals.	

esayay
Mr

92	Alien Certificate of Registration Identification Card (ACR I-Card) Number	Alien Certificate of Registration Identification Card (ACR I-Card) Number for foreign nationals.
93	Member Type for Indirect Contributor	Listahan, Pantawid Pamilyang Pilipino Program/Modified Conditional Cash Transfer (4Ps/MCCT), Senior Citizen, Payapa at Masaganang Pamayanan (PAMANA), Killed in Action /Killed in Police Operations (KIA/KIPO), LGU-Sponsored, NGA-Sponsored, Private-Sponsored, Person with Disability, Bangsamoro/Normalization
94	Point of Service Financially Incapable	Yes/No
95	Point of Service Financially Incapable - Date As Of	Point of Service Financially Incapable and Date As Of
96	Financially Incapable	Yes/No
97	Financially Incapable Date As Of	Financially Incapable Date As Of
98	Date of Initial Transmission	Date data was transmitted to National Health Data Center
99	Time of Initial Transmission	Time data was transmitted to National Health Data Center
100	Date of Last Update	Date data was last updated
101	Time of Last Update	Time data was last updated

ENCOUNTER LOG

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry

3	PhilHealth Identification Number	PhilHealth identification number of patient. A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001) 2. PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
4	PhilHealth Claim Series #	PhilHealth Issued Series #	PhilHealth Claims Form 1-4
5	Hospital Patient ID #	Hospital Patient ID #	1. DOH Hospital Health Information Management Manual 2. PhilHealth Claim Form 4
6	Hospital Registry #	Registry number assigned by the health facility to the patient	
7	Hospital Case #	Primary identifier used by the health facility to identify a patient for each case or incidence	
8	Type of Encounter	Outpatient / Emergency Room / Inpatient	
9	Clinical Status At Time of Report	Clinical status of the patient in terms of inpatient, outpatient, died, discharged, or unknown as represented by a code.	
10	Type of Patient	Type of patient as represented by a code.	
11	Date of Encounter	Date patient was seen at the health facility.	
12	Time of Encounter	Time patient was seen at the health facility.	
13	Sex	Property or quality in which a patient is classified as female or male on the basis of their reproductive organs and functions	
14	Age in Years at Time of Encounter	Computed age in years based on date of birth.	
15	Age in Months at Time of Encounter	Computed age in months based on date of birth	
16	Age in Days at Time of Encounter	Computed age in days based on date of birth	

17	COVID-19	If the patient is a COVID-19 case or not.	
18	Referred From	Yes/No	
19	Referred from Health Facility	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR) to the referring health facility.	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
20	Reason for Referral	Reason for Referral Code	1.DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases 2.Included in the COVID-19 Case Investigation Form
21	Reason for Referral, Others Specify	Reason for Referral, Others Specify	
22	Date of Discharge	Date of Discharge	
23	Time of Discharge	Time of Discharge	
24	Date of Onset of Illness	Date of Onset of Illness	
25	Date of Exposure to Known Case	Date of Exposure to Known Case	
26	Disposition	Type of disposition (i.e. Home, Discharged Against Medical Advice, Absconded, Expired/Died, Transferred/Referred) as represented by a code.	
27	Referred To	Yes/No	
28	Referred To Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR) to the referral health facility.	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
29	Reason for Transferred/Referral	Reason for Referral Code	1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases 2. Included in the COVID-19 Case Investigation Form
30	Reason for Transferred/Referral, Others Specify	Reason for Transferred/Referral, Others Specify	
31	Date of Death	If Expired, Date of Death	1. DOH Hospital Health Information Management Manual 2. RA 10625: Philippine Statistics Act

			3. RA 3753: Registry of Civil Status Act
32	Time of Death	If Expired, Time of Death	
33	Cause of Death	Cause of Death.	
34	Place of Death	Place of Death.	
35	Underlying Cause of Death (ICD-10)	Disease or injury that initiated the train of events leading directly to death	
36	Underlying Cause of Death Description	Underlying Cause of Death Description	
37	Accommodation Type	Private / Non-Private (Charity / Service)	DOH Hospital Health Information Management Manual
38	Chief Complaint	Chief Complaint as represented by a code.	
39	Chief Complaint - Remarks	Chief Complaint - Remarks	
40	Other Complaints	Other Complaints	
41	Consent to Access Patient Records	Consent to access patient records was provided, yes/no	

Attending Health Care Professional

42	PhilHealth Accreditation Number	PhilHealth-issued accreditation number to the healthcare professional.	1. DOH Hospital Health Information Management Manual 2. PhilHealth eClaims Forms
43	Last Name	Legal last name of the healthcare professional.	
44	First Name	Legal first name of the healthcare professional.	
45	Middle Name	Legal middle name of the healthcare professional.	
46	Suffix/Extension Name	Additional term following the Health Care Professional's name. Examples are Jr., Sr., III, and others	

Person Granting Consent to Access

47	Last Name	Legal last name of the personal granting consent to access.	DOH Hospital Health Information Management Manual
48	First Name	Legal first name of the personal granting consent to access	

49	Middle Name	Legal middle name of the personal granting consent to access.
50	Suffix/Extension Name	Additional term following the grantor's name Examples are Jr., Sr., III, and others
51	Date Signed	Date the consent was signed
52	Relationship of the representative to the member/patient	If person granting access is a representative, Relationship Code: Spouse, Sibling, Child, Parent, Others
53	Other Relationship	If relationship selected is others, describe relationship
54	Reason for signing on behalf of the member/patient	Reason Code: Patient is incapacitated, Other Reasons
55	Reason for signing on behalf of the member/patient, Other Reasons	Reason for signing on behalf of the member/patient, Other Reasons

Certification of Consumption of Health Care Institution - Certifying Officer

56	Last Name	Legal last name of the certifying officer.
57	First Name	Legal first name of the certifying officer.
58	Middle Name	Legal middle name of the certifying officer.
59	Suffix/Extension Name	Additional term following the certifying officer's name. Examples are Jr., Sr., III, and others
60	Official Capacity/Designation	Official capacity/designation
61	Date Signed	Date the consent was signed
62	Outcome of Treatment	Outcome of Treatment Code: Improved, HAMA, Expired,

Certification of Healthcare Professional

63	Last Name	Legal last name of the certified healthcare professional.
64	First Name	Legal first name of the certified healthcare professional.
65	Middle Name	Legal middle name of the certified healthcare professional.
66	Suffix/Extension Name	Additional term following the owner's

DOH Hospital Health Information Management Manual

DOH Hospital Health Information Management Manual

		name. Examples are Jr., Sr., III, and others	
67	Date Signed	Date certification was signed	
Case Investigator			
68	Last Name	Legal last name of the case investigator.	
69	First Name	Legal first name of the case investigator.	
70	Middle Name	Legal middle name of the case investigator.	
71	Suffix/Extension Name	Additional term following the Case investigator's name. Examples are Jr., Sr., III, and others	
72	Date of Interview	Date of interview	

Informant If Patient Not Available

73	Last Name	Last Name	
74	First Name	First Name	
75	Middle Name	Middle Name	
76	Suffix/Extension Name	Additional term following the informant's name. Examples are Jr., Sr., III, and others	
77	Relationship of Informant to the Patient	Relationship Code: Spouse, Sibling, Child, Parent, Others	
78	Home Phone Number	Home Phone Number	

COVID-19

1	Disease Reporting Unit	Reporting Health Facility - The name of the facility (i.e. hospital, laboratory, health center, etc.) that is reporting the case as represented by the NHFR-code.	
2	Date of Interview	Date when the interview with the case was conducted.	
3	Date of First Consult	Date of first consult. When the case first consulted a health professional.	
4	Date of Admission	Date of admission. When the case was admitted in a hospital or	

		isolation/quarantine facility. Indicate earliest date of admission if patient was admitted in multiple health facilities.
5	Disposition at Time of Report	Disposition at time of report
6	Health Status at Consult	Health status of the patient at the time of the interview as to asymptomatic/mild/moderate /severe/critical.
7	Date of Onset of Illness	The date when the signs (i.e. objective clinical finding as determined by a licensed physician) of illness first appeared and/or when the symptom/s (e.g. fever, cough, colds, sore throat, shortness of breath/difficulty breathing) were first felt.
8	Temperature - Fever	Temperature of the patient. Temperature in Centigrade
9	With Cough	If with cough, yes/no
10	With Sore Throat	If with sore throat, yes/no
11	With Colds	If with colds, yes/no
12	With Shortness/Difficulty of Breathing	If with shortness/difficulty of breathing, yes/no
13	Other Symptoms, please specify	If with other symptoms, please specify
14	With History of Other Illness	If with history of other illness, yes/no
15	History of Other Illness	If with other history of other illness
16	Test Done	Type of COVID-19 test done. RT-PCR (OPS), RT-PCR (NPS), RT-PCR (OPS and NPS), RT-PCR (specimen type), Antigen Test, Antibody Test Others, specify
17	Date Collected	The date when the specimen was collected for testing.
18	Results	Results of the COVID-19 test conducted.

		RT-PCR & Antigen Test: Pending, positive, negative, equivocal Antibody Test: IgM (+) and IgG (-), IgG (-) and IgM (+), IgG (+) and IgM (+), and IgG (-) and IgM (-) Other test, specify result	
19	Outcome	Outcome of the COVID-19 suspect/probable/confirmed case. Active; recovered, date of recovery (mm/dd/yyyy); died, date of death (mm/dd/yyyy), cause of death (immediate, antecedent, underlying)	
20	Pregnant	If pregnant, yes/no.	
21	Last Menstrual Period	Date of last menstrual period.	
22	Classification	<p>The classification of the patient at the time of interview.</p> <p>Suspect COVID-19 case is a person who is presenting any of the conditions below:</p> <ul style="list-style-type: none"> a. All SARI cases where NO other etiology fully explains the clinical presentation. b. ILI cases with any one of the following: <ul style="list-style-type: none"> i. with no other etiology that fully explains the clinical presentation and history of travel to or residence in an area that reported local transmission of COVID-19 disease during the 14 days prior to symptom onset; OR ii. with a contact to a confirmed or probable case of COVID-19 in the two days prior to onset of illness of the 	<ol style="list-style-type: none"> 1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases 2. DOH DM 2020-0245: Advisory: Endorsement of the DILG Memorandum "Updated Contact Tracing Report Template for the Coronavirus Disease 2019 (COVID-19) Situation" dated May 26, 2020 3. DOH DM 2020-0436: Minimum Data Requirements of COVID-19-Related Information Systems 4. Included in the COVID-19 Case Investigation Form

- probable/confirmed COVID-19 case became negative on repeat testing.
- c. Individuals with fever or cough or shortness of breath or other respiratory signs and symptoms fulfilling any one of the following conditions:
- i. Aged 60 years old and above
 - ii. With a comorbidity
 - iii. Assessed as having a high-risk pregnancy
 - iv. health worker

Probable COVID-19 case is a suspect case who fulfills any of the following:

- a. A suspect case whom testing for COVID-19 is inconclusive
- b. suspect who tested positive for COVID-19 but whose test was not conducted in a national or subnational reference laboratory or officially accredited laboratory for COVID-19 confirmatory testing

Confirmed COVID-19 case is any individual, irrespective of presence or absence of clinical signs and symptoms, who was laboratory confirmed for COVID-19 in a test conducted at the national reference laboratory, a subnational reference laboratory, and/or DOH-certified laboratory testing facility.

Close contact is a person who may have come into contact with the probable or confirmed case two days prior to onset of

		<p>illness of the confirmed COVID-19 case (use date of sample collection for asymptomatic cases as basis) until the time that said cases test negative on laboratory confirmation or other approved laboratory test through: (1) face to face contact with a probable or confirmed case within 1 meter and for more than 15 minutes; (2) direct physical contact with a probable or confirmed case; (3) direct care for a patient with probable or confirmed COVID-19 case without using PPE; or (4) other situations as indicated by local risk assessments.</p> <p>The classification of the patient at the time of interview.</p>

6	Name of Drug	Drug Name	
7	Salt Code of Medicine	Salt Code of Medicine	
8	Dose - Quantity	Quantity of the prescribed medicine	
9	Dose - Unit of Measure	The unit of measure of the dosage	
10	Dosage Regimen	Dosage regimen of the prescribed medicine	
11	Dosage Regimen, others specify	Dosage regimen, others specify	
12	Duration of Intake	Duration of intake of the medicine	
13	Duration of Intake - Frequency	Frequency of the intake of the medicine	

14	Duration of Intake - Frequency, Other Specify	Duration of intake - Frequency, Other Specify	
15	Total Quantity of Drugs/Medicines - Frequency	Total quantity of drugs/ medicines prescribed to the patient	
16	Total Quantity or Number of Drugs/Medicines Prescribed	Total quantity or number of drugs/medicines prescribed	
17	Intended Purpose of the Prescribed Medicine	Intended purpose of the prescribed medicine	
18	Other Instructions	Other instructions for taking the medications	
19	Number of Medicines Given	Number of Medicines Given	
20	Unit Price	Unit Price	
21	Total Amount / Price of Medicine	Quantity or # of Medicines Given * Unit Price	
22	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
23	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
24	Date of Last Update	Date data was last updated	
25	Time of Last Update	Time data was last updated	

VITAL SIGNS

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization

		Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Vital Sign	Vital Sign Code: Blood Pressure, Heart Rate, Respiratory Rate, Temperature, Height, Weight	DOH Hospital Health Information Management Manual
5	Measure - Numerator	Depending on Vital Sign, Example if Blood Pressure, Diastolic; standard unit of measure has to be set	
6	Measure - Denominator	Depending on Vital Sign, Example if Blood Pressure, Systolic; standard unit of measure has to be set	
7	Body Mass Index	The patient's Body Mass Index Computation: weight (kg) / height(m)*height(m)	
8	Z score based on age, gender, height and weight	Standard Library	PhilHealth eClaims Forms
9	Left Eye Visual Acuity (Vision) of the patient	Visual acuity of the patient's left eye	DOH Hospital Health Information Management Manual
10	Right Eye Visual Acuity (Vision) of Patient	Visual acuity of the patient's right eye	
11	Length or Height of Patient in cm –For Pediatric Patient only 0-24	Length or height measurement of patient in centimeters for pediatric patient only (0-24 months)	
12	Head Circumference of Patient in cm – For Pediatric Patient only 0-24	The measurement of the patient's head circumference in cm for Pediatric Patient only (0-24 months)	
13	Skinfold Thickness of Patient in cm – For Pediatric Patient only 0-24	The measurement of the patient's skinfold thickness in cm for pediatric patient only (0-24 months)	
14	Waist of Patient in cm –For Pediatric Patient only 0-24 Months	The measurement of the patient's waist in cm –For pediatric patient only (0-24 months)	

15	Hip of Patient in cm –For Pediatric Patient only 0-24 Months	The measurement of the patient's hip in cm –For pediatric patient only (0-24 months)	
16	Limbs of Patient in cm –For Pediatric Patient only 0-24 Months	The measurement of the patient's limbs in cm –For pediatric patient only (0-24 months)	
17	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
18	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
19	Date of Last Update	Date data was last updated	
20	Time of Last Update	Time data was last updated	

SOAP - Consultation

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	SOAP Date	Date the SOAP was filled out	DOH Hospital Health Information Management Manual
3	SOAP Time	Time the SOAP was filled out	
4	Subjective	Subjective symptoms experienced by the patient	
5	Objective	Objective signs observed by the health professional	
6	Assessment	Assessment made by the health professional	
7	Plan	Plan code based on standards	
8	Plan Description	Textual description	
9	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
10	Time of Initial Transmission	Time data was transmitted to National Health Data Center

HOSPITAL STATISTICS

1	Name of Hospital	Identification of the hospital	<ol style="list-style-type: none"> DOH Hospital Health Information Management Manual
2	Address: Street Address	Actual street/subdivision name and number in the barangay where the health facility is situated.	<ol style="list-style-type: none"> DOH A.O. No. 2012-0012, Annex E: Annual Hospital Statistical Report

3	Address: City/Municipality	City or municipality where the facility is located.	3. DOH DM No. 2014-0015, specifically on New Hospital Statistical Report Form
4	District/ Province	District / Province where the health facility is located.	
5	Region	Administrative region where the health facility is located.	
6	Contact Number	Landline telephone or Cellphone number at which the health facility can be contacted.	
7	Email Address	Email address of the hospital, if any.	
8	Service Capability	Capability of a hospital/other health facility to render administrative, clinical, ancillary and other services	
9	Nature of Ownership	Refers to the legal right of an individual, group, corporation or government to the possession	
10	Quality Management / Quality Assurance Program	Organized set of activities designed to demonstrate on-going assessment of important aspects of patient care and services	
11	Authorized Bed Capacity	Approved number of beds issued by Health Facilities and Services Regulatory Bureau, the licensing offices of DOH	
12	Implementing Beds	Actual beds used (based on hospital management decision)	
13	Bed Occupancy Rate (BOR)	The percentage of inpatient beds occupied over a given period of time. (given period of time is January 1 to December 31 each year for the annual statistics) Total Inpatient service days for the period (Total number of Authorized beds) x Total days in the period (365 or 366 for a leap year)	

		Multiply quotient to 100%	
14	Total number of inpatients	<p>Total number of patients who stays in a health facility licensed to admit patients, while under treatment</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
15	Total Newborn (In facility deliveries)	<p>Total newborns that was delivered in the hospital (given period of time is January 1 to December 31st of the reporting year)</p>	
16	Total Discharges (Alive)	<p>Total number of in-patients that was admitted to the hospital and was alive when discharged</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
17	Total patients admitted and discharged on the same day	<p>Total patients admitted and discharged on the same day</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
18	Total number of inpatient bed days (service days)	<p>Unit of measure denoting the services received by one in-patient in one 24-hour period</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
19	Total number of inpatients transferred to this facility from another facility for inpatient care	<p>Total number of inpatients transferred to the health facility from another facility for inpatient care</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	

Er 2495

20	Total number of inpatients transferred from this facility to another facility for inpatient care	Total number of inpatients transferred from this facility to another facility for inpatient care (given period of time is January 1 to December 31 st of the reporting year)	
21	Total number of patients remaining in the hospital as of midnight last day of previous year	Total number of patients remaining in the hospital as of midnight last day (December 31 st) of previous year to the following year (January 1)	
22	Type of Service	Type of service as represented by a code.	
23	No. of Patients	The measure the number of in-patients in the services of the hospital (given period of time is January 1 to December 31 st of the reporting year)	
24	Type of Accommodation	Type of Accommodation used by the in-patients during admission (given period of time is January 1 to December 31 st of the reporting year)	
25	Condition on Discharge	The condition of the patient upon discharge (given period of time is January 1 to December 31 st of the reporting year)	
26	Deaths	Total No. of patients who died in the health facility as of midnight last day (December 31 st) of previous year to the following year (January 1)	
27	Average Length of Stay	Average number of days each inpatient stays in the hospital for each episode of care (given period of time is January 1 to December 31 st of the reporting year)	
28		Total length of stay of discharged patients (including deaths in the period)	

		Total discharges and deaths for the same period	
29	Ten Leading Causes of Morbidity	The Top Ten Leading Causes of Morbidity as of midnight last day (December 31 st) of previous year to the following year (January 1)	
30	Ten Leading Causes of Morbidity/Diseases Disaggregated as to Age and Sex	Top 10 leading causes of Morbidity/ Diseases with detailed sub-categories for Age and Sex.	
31	Total Number of Deliveries	<p>Total number of all types of deliveries.</p> <p>Total number of live-birth vaginal deliveries (normal) + Total number of live-birth cesarean section deliveries + Total number of other deliveries</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
32	Number of Outpatient Visits, new patient	<p>Refers to the total number of outpatient first visits that was attended and who received health care services in the health care facility for a period of time.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
33	Number of outpatient visits, re-visit	<p>Refers to the total number of outpatient second and subsequent visits that was attended and who received health care services in the health care facility for a period of time.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
34	Number of outpatient visits, adult	Total number of adult outpatient visits (Age 19 years old and above)	

		(given period of time is January 1 to December 31 st of the reporting year)	
35	Number of outpatient visits, pediatric	Total number of pediatric outpatient visits (Age 0 to 18 years old; before 19 th birthday) (given period of time is January 1 to December 31 st of the reporting year)	
36	Number of adult general medicine outpatient visits	Total number of adult general medicine outpatient visits (given period of time is January 1 to December 31 st of the reporting year)	
37	Number of specialty (non-surgical) outpatient visits	Total number of specialty/ non-surgical outpatient visits. (given period of time is January 1 to December 31 st of the reporting year)	
38	Number of surgical outpatient visits	Total number of surgical outpatients visits. (given period of time is January 1 to December 31 st of the reporting year)	
39	Number of antenatal care visits	Total number of antenatal care visits (given period of time is January 1 to December 31 st of the reporting year)	
40	Number of postnatal care visits	Total number of postnatal care visits. (given period of time is January 1 to December 31 st of the reporting year)	
41	Ten Leading OPD Consultation	Ten leading causes of OPD consultation. (given period of time is January 1 to December 31 st of the reporting year)	
42	Ten Leading Causes of ER Consultations	Top 10 leading causes of ER Consultations (given period of time is January 1 to December 31 st of the reporting year)	

43	Total number of medical imaging tests	The total number of available medical imaging tests done in the hospital (all types including x-rays, ultrasound, CT scan) (given period of time is January 1 to December 31 st of the reporting year)	
44	Total number of laboratory and diagnostic tests (all types, excluding medical imaging)	The total number of available laboratory tests done in the hospital (given period of time is January 1 to December 31 st of the reporting year)	
45	Number of blood units transfused	Total number of blood units transfused to patients in the hospital (given period of time is January 1 to December 31 st of the reporting year)	
46	Total number of emergency department visits	Refers to the total number of emergency patients attended and who received health care services in the health care facility for a given period. (given period of time is January 1 to December 31 st of the reporting year)	
47	Total number of emergency department visits, adult	Total number of adult emergency department visits (given period of time is January 1 to December 31 st of the reporting year)	
48	Total Deaths	Total number of deaths in the hospital (given period of time is January 1 to December 31 st of the reporting year)	
49	Total number of inpatient deaths	Total number of deaths of patients who were admitted for an overnight stay to the hospital or other healthcare facility.	

		(given period of time is January 1 to December 31 st of the reporting year)	
50	Total deaths < 48 hours	<p>Total number of deaths of patients that died within 48 hours after admission.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
51	Total deaths > 48 hours	<p>Total number of deaths of patients that died after 48 hours after admission.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
52	Total number of emergency room deaths	<p>Total number of patients who arrived in the healthcare facility breathing and showed evidence of life but died after a short period of time.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
53	Total number of cases declared 'dead on arrival'	<p>Refers to the condition in which a patient arrived in a healthcare facility with no life processes and is pronounced dead by a physician.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
54	Total number of stillbirths	<p>Total number of babies born with no signs of life at or after 28 weeks' gestation.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
55	Total number of neonatal deaths	<p>Total number of a newborn patient from birth up to 28 days of life</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	

56	Total number of maternal deaths	<p>Total number of deaths resulting from obstetric complications of the pregnancy state (pregnancy, labor, and puerperium) from interventions, omissions, incorrect treatment, or from chain of events mentioned.</p> <p>(given period of time is January 1 to December 31st of the reporting year)</p>	
57	Gross death rate	<p>The ratio of all inpatient deaths including newborns for a given period to the total number of discharges including deaths for a given period.</p> <p>Total Deaths (including newborn for a given period) over Total Discharges and Deaths for the same period. Multiply quotient to 100%</p>	
58	Net death rate	<p>The ratio of deaths excluding deaths under 48 hours of admission. It produces a lower figure than the gross death rate. It is also known as Institutional Death Rate</p> <p>Total Deaths (including newborn for a given period) - death < 48 hours for the period over Total Discharges (including deaths and newborn) - death < 48 hours for the period. Multiply quotient to 100%</p>	
59	Ten Leading Causes of Mortality	Ten leading causes of death encountered in the hospital. It is recorded in ICD10 code	
60	Ten Leading Causes of Mortality/Deaths Disaggregated as to Age and Sex	Top 10 leading causes of mortality/deaths with detailed sub-categories for Age and Sex.	

erayef

61	Infection rate	Risk of an infection in a population. It is used to measure the frequency of occurrence of new instances of infection within a population during a specific time period. Number of Healthcare Associated Infections over Number of Discharges. Multiply quotient to 100%	
62	Ventilator Acquired Pneumonia	Incidence of patients that acquire pneumonia occurring more than 48 hours after patients have been intubated and received mechanical ventilation. $\frac{\text{Number of Patients with VAP}}{\text{Total Number of Ventilator Days}}$ Multiply quotient to 1000%	
63	Blood Stream Infection	Incidence of patients acquiring Blood stream infection resulted from health interventions during stay in the health facility $\frac{\text{Number of Patients with BSI}}{\text{Total Number of Central Line (peripheral lines not included)}}$ Multiply quotient to 1000%.	
64	Urinary Tract Infection (UTI)	Incidence of patients acquiring UTI as a result of insertion of a catheter $\frac{\text{Number of Patients (with catheter) with UTI}}{\text{Total Number of Catheter Days}}$ Multiply quotient to 1000%	
65	Surgical Site Infection	Incidence of patients acquiring a surgical site infection resulted from health interventions after surgery	

		Number of Surgical Site Infections (Clean Cases) over Total number of Clean Procedures done. Multiply quotient to 100%	
66	Ten leading Major Operation	Ten leading major operations or surgical procedures requiring anesthesia/ spinal anesthesia to be performed in an operating theatre. (The definition of a major operation shall be based on the definitions of the different cutting specialties.)	
67	Ten leading Minor Operations	Ten leading minor operations or surgical procedures requiring only local anesthesia/ no OR needed, example suturing.	
68	Staffing Pattern	Breakdown of total number of all employees in the hospital	
Expenses			
69	Amount spent on personnel salaries and wages	Amount spent on personnel salaries and wages for the reporting year	<ol style="list-style-type: none"> DOH Hospital Health Information Management Manual DOH A.O. No. 2012-0012, Annex E: Annual Hospital Statistical Report DOH DM No. 2014-0015, specifically on New Hospital Statistical Report Form
70	Amount spent on benefits for employees	Benefits are in addition to wages/salaries. Benefits include for example: social security contributions, health insurance for the reporting year	
71	Allowances provided to employees at this facility	Allowances are in addition to wages/salaries. Allowances include for example: clothing allowance, PERA, vehicle maintenance allowance and hazard pay for the reporting year	
72	Total amount spent on all personnel including wages, salaries, benefits and allowances for last year	Total amount spent on all personnel including wages, salaries, benefits and allowances for the reporting year	
73	Total amount spent on medicines	Total amount spent for procurement and purchase of medicines for the reporting year	

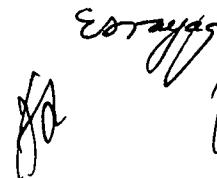

EOTayag

74	Total amount spent on medical supplies	Total amount spent for procurement and purchase of medical supplies for the reporting year	
75	Total amount spent on utilities	Total amount spent on utilities for the reporting year	
76	Total amount spent on non-medical service	Total amount spent on other non-medical services such as: security, food service, laundry, waste management for the reporting year	
77	Total amount spent on maintenance and other operating expenditures (MOOE)	Total amount spent on maintenance and other operating expenditures (MOOE) for the reporting year	
78	Amount spent on infrastructure	Amount spent on infrastructure for the reporting year	
79	Amount spent on equipment	Amount spent on equipment for the reporting year	
80	Total amount spent on capital outlay (CO)	Total amount spent on capital outlay (CO) for the reporting year	
81	Grand Total	Total expenses of the hospital for the reporting year	

Revenues

83	Total amount of money received from the Department of Health	Total amount of money received from the Department of Health	1. DOH Hospital Health Information Management Manual 2. DOH A.O. No. 2012-0012, Annex E: Annual Hospital Statistical Report 3. DOH DM No. 2014-0015, specifically on New Hospital Statistical Report Form
84	Total amount of money received from the local government	Total amount of money received from the local government	
85	Total amount of money received from donor agencies	Total amount of money received from donor agencies (for example JICA, USAID, and others)	
86	Total amount of money received from private organizations	Total amount of money received from private organizations (donations from businesses, NGOs, etc.)	
87	Total amount of money received from PhilHealth	Total amount of money received/reimbursed from PhilHealth	

88	Total amount of money received from direct patient/ out-of-pocket charges/fees	Total amount of money collected from direct patient/out-of-pocket charges/fees
89	Total amount of money received from reimbursement from private insurance/HMOs	Total amount of money received from reimbursement from private insurance/HMOs
90	Total amount of money received from other sources	Total amount of money received from other sources (PAGCOR, PCSO, etc.)
91	Grand Total	Grand Total of Revenues for the reporting year
92	Report Prepared by	Authorized personnel that prepared the hospital statistical report for the reporting year
93	Designation/ Section/ Department	Official designation and section/department of the authorized personnel that prepared the report.
94	Report Approved and Certified by	Approving entity of the report
